The Diplomatic Dinner attracted visiting Ambassadors and High Commissioners from London and some of the top businesses in Northern Ireland, providing an opportunity for guests to network and build business relationships between Northern Ireland and international markets.

CA-NI, established in 2003, has members representing over 40 countries including 36 Honorary Consulates.

The United States of America, People's Republic of China, Republic of Poland and St. Vincent and the Grenadines have a full resident diplomatic presence in Northern Ireland staffed by career Consuls General. Ireland is represented by a Joint Secretary.

CA-NI plays an important network in bringing people together to foster relationships, and develop trade, tourism, educational and cultural links between the countries they represent and Northern Ireland.
